

Honest Friends are the Best!

words and music by C. Mourre

Honesty is telling the truth,
don't cheat, don't steal, don't lie.
Honesty means, just be yourself,
even when it's hard, you try.

Honesty just feels so right
The truth won't confuse you,
Honesty is just easier
You'll know what you said to who.

*Don't take what's not yours,
tell the truth when you've made a mistake.*

*Don't cheat on a test,
honest friends are the best.*

Be honest and friends trust you,
knowing the good you do.
Take a deep breath, and say it once,
you'll be glad you said what's true.

*Don't take what's not yours,
tell the truth when you've made a mistake*

*Don't cheat on a test,
honest friends are the best.*

Honest friends are the best.
Honest friends....are...the...best.
